

EXECUTIVE PROFILE

Alexander Visotin

LABORATORY MANAGER

QUALIFICATIONS

- B.Sc Forensic Science, Canberra Institute of Technology, 2011
- BAppSc Honours in Forensic Chemistry, University of Canberra, 2013
- Basic & Advanced Fire Debris Analysis Course, University of Central Florida
- Chartered Member (MRACI CChem) of the Royal Australian Chemical Institute
- Professional Member of the Australian and New Zealand Forensic Science Society

ROLE

Alexander is responsible for the day to day management of our in house analytical laboratory. He ensures the approved procedures are followed and service standards are met. He is also responsible for the laboratory's ISO 17025 accreditation and continued compliance with the standard.

SPECIALISATION

Fire debris analysis, ignitable liquid analysis, animal and vegetable oil and fat analysis, physical evidence examination, Quality Management Accreditation compliance.

JOINED GKAIG

July 2014

INVESTIGATIONS

Alexander has analysed over 2,000 samples of fire debris, neat ignitable liquids, vehicle fluids, animal and vegetable oils and various other forensic specimens.

OUTSIDE OF WORK

Alexander is an avid tinkerer who gets enormous pleasure out of the repair and restoration of vintage pinball machines and arcade games. He is also a great supporter of animal welfare causes.

"Fire debris analysis is one of the most challenging pattern based forensic disciplines requiring an exacting approach."
