- Tasmania Police Arson Course
- Licensed Electrical Contractor
- Member of the National Electrical and Communications Association (NECA)
- Associate Member of the Institution of Engineers Australia
- Fellow of the Australian and New Zealand Institute of Insurance and Finance

"Our team of investigators are highly qualified in technical matters but they also have an understanding of their role in the insurance claims management process together with their wider responsibility to society."

ROLE

Greg has 3 roles:

- As CEO he leads the company determining strategy and managing its day to day operations. This involves the company training program and quality control of the work of the investigation team
- As Principal Forensic Fire Examiner he still conducts on site investigations into major fire events
- His experience means that he is often used as an expert witness in criminal and civil court proceedings.

SPECIALISATION

Greg's background as an electrical engineer and contractor provides him with a unique ability to understand both electrical systems and failures when determining the cause of fire.

JOINED GKAIG

Greg founded Greg Kelly & Associates in 1997.

INVESTIGATIONS

4,000+ fire scenes.

OUTSIDE OF WORK

As an ex NRL referee Greg maintains his interest in the game but also likes to spend time on the golf course where he plays off a 17 handicap. He also enjoys spending time with family and friends.
